**BLANES WIN ITALY 4-1**

Viva Habitat Blanes has beaten Italy 4-1 and will play the final vs. Catalonia, to see who will be the one that wins their third Blanes Golden Cup.

The players of Blanes have started the match ready to show who are the current champions and scored the first goal (Ramon Benito) at minute 5, that could be decisive if Armengol didn't miss a penalty few minutes later. Then, the Italians responded with a goal for Squeo, really clever, that drawn the match to the halftime.

In the second half Ramon Benito has surprised again with another goal (2-1) causing that Italians, that have played very well, advance their positions. This has been exploited for Kimi Ridaura -twice- to leave the definitive 4-1.
