### FRANCE SURPRISES CHILE

France has surprised Chile (world champions) for 6-3 in a match that has dominated since the beginning (4-0) with a great play of Vanessa Daribo who has scored 3 goals. Tomorrow the frenchwomen will try to score a lot of goals to Italy and wait and see what happens in the last match Catalonia-Chile to be the champions. If Catalonia wins to Chile and França beats Italy, the title will be decided by the difference of goals.
